

Inclusive cervical screening for trans and non-binary people with a cervix

Did you know?

Cervical screening can help **prevent cancer**.

Anyone with a cervix aged 25 to 64 can be screened, including transgender men and people who are non-binary and were assigned female at birth.

56 Dean Street has a **specialised clinic** providing cervical screening **sensitive to the needs of trans men and non-binary people**.

For more information and to book an appointment email **56Tsmears@chelwest.nhs.uk** or call **020 3315 5656**.
